PD Literacy Coaching Addendum #2
Q & A

Q. In our professional learning we can offer:

- Coaching – individual sessions with teachers involving a pre-conference, observation/modeling in the classroom, and a post-conference. 2 Hours per teacher.
- Workshops – Data-informed ½ day to full day to multi day professional learning sessions modeling conditions and practices for student learning and engagement.

In your RFP title you refer to “coaching.” Should our proposal reflect Mackin’s definition of coaching or workshops?

A. Please use the definition for workshops.

Q. Is this professional learning for 6-8 or K-8? We ask because you mention two of the professional learning days to take place at an elementary school.

A. We are looking for 3 days to be with our 6-8 ELA teachers and 2 days to be with our K-5 teachers at the elementary school.

Q. How many staff members will be at the sessions each day?

A. Approximately 7-12 teachers will be present.

Q. What is the make-up of the staff in regards to departments? ELA?

A. All 6-8 teachers are the ELA teachers. All K-5 teachers are elementary teachers who teach all components of ELA.
