B. EDUCATION, DEVELOPMENT & POLICY – Lainie Potter

Mrs. Potter indicated that the Education, Development and Policy Committee met on March 10, 2009 and discussed the following issues:

- The State is in the process of making significant changes in the NJ Core Curriculum Content Standards for Math. Although the adoption process is expected to be a lengthy one, the Curriculum Office continues to monitor and update the Committee on all related developments.
- The State is revising the graduation requirements for high school seniors. Credit requirements, which currently stand at 110 credits, will increase to 120 credits. Robbinsville High School requires students to attain 140 credits to graduate.
- The Committee discussed the importance of maintaining a current Policy Manual. Mrs. Potter indicated that the New Jersey School Boards Association provides free “wellness check ups” to review the Policy Manuals of districts throughout the state.
- The District is evaluating the Gifted and Talented Program. A phased plan to collect data has been created and includes interviews with parents, teachers, and students as a means to gather information and guide decision making.

C. PERSONNEL – Faith Silvestrov

Mrs. Silvestrov reported on the following Personnel Committee matters:

- Request to reimburse three district employees for submission of a second round of fingerprinting (due to state error) in the amount of \$77.00 per individual;

- Repairs on the RHS sign have been completed.
- 2009-2010 Budget preparations continue. The Committee reviewed 40 separate line items and a payroll reconciliation is currently taking place.
- Transportation – No new business;

The FFT Committee discussed the following new business:

- Exploration of an alternative to the existing playground equipment at Sharon Elementary. Further discussion will take place if it is determined that the new modular unit will impede on the existing playground.
- Initial discussion regarding the possibility of a NJ Turnpike billboard on Sharon Elementary property as a source of revenue.

Discussion regarding the funding of ROTC continued. Dr. Szabo indicated that he met with Cadet Jared Johnson to discuss the issue. Dr. Szabo does not recommend adding this item to the ballot as a second question given that rounding the penny will add a significant tax burden to community members. In addition, acquiring the needed 60% majority is not likely. He pointed out that while no one wants to jeopardize the program, the alternative – larger class size – is not a good one. Dr. Szabo informed the Board and the public that he will continue to examine options.

The next meeting of the Finance, Facilities, & Transportation Committee will take place on April 7, 2009.

XI. HEARING OF PUBLIC

A. Walter Dabrowski

- Mr. Dabrowski asked what the first question on the budget is. Dr. Szabo responded that Question 1 asks for approval of the 2009-2010 Budget.
- Budget information on the District website has not yet been updated. School Business Administrator Louise Davis indicated that this would be taken care of immediately.
- Difficulty in accessing agenda on District website;

- State announced new High School Reform Incentive in the subject areas of Science and Math.

B. Karen Cenafani

- Mrs. Cenafani asked for additional clarification on the 60% majority issue as it relates to adding a second question to the ballot. Dr. Szabo explained that the New Jersey State Legislature enacted this rule two years ago. The Legislature determined that Question 1 has to pass in order for Question 2 to be considered and in order for Question 2 to pass a 60% super-majority is required.
- She also asked about the District's primary concern related to ROTC as well as the cost to the District. Dr. Szabo cited larger class size as the main issue of funding the program. He indicated that the cost of running the program is \$89,000 - \$94,000.
- Mrs. Cenafani reiterated her support of the ROTC program.

C. Dorothy Johnson

- Mrs. Johnson requested clarification on the ROTC salary line item. It was explained that the total salary is approximately \$134,000; 40% of this is funded by the Air Force leaving the District to pay the remaining 60%. She followed up by asking for an explanation of an agenda item which appeared to indicate a 40% increase in the stipend for a Drama Assistant. Dr. Szabo clarified and explained that the increase was due to a prior mathematical error. According to the negotiated contract, a Drama Assistant receives 70% of the amount of the Director's stipend.
- Mrs. Johnson reiterated her support of the ROTC program.

D. Bob Muir

- Mr. Muir asked for Board comment on the fate of sixteen students slated to participate in ROTC for school year 2009-2010. Dr. Szabo said that he and Major Hunter had spoken with ROTC officials who provided assurances that they would give the district additional time to build the program. He reiterated that the district does not want to drop the program but must prioritize by greatest need.

E. Michael Caputo

- Mr. Caputo recalled a discussion about a possible second question on Capital Improvements for items like roofing and replacement of carpeting at PRMS. Dr. Szabo explained that the district is investigating the likelihood of obtaining "Shovel Ready" money through shared services with the county. Dr. Szabo informed attendees that the 2009-2010 Budget Presentation would take place on March 31, 2009.

F. Sheryl Smolenski

- Mrs. Smolenski asked for information regarding World Language budget cuts. Dr. Szabo explained that due to the current cap limitations, a reduction in staff to 1.5 teaching positions affecting grades K – 5 has been necessary.
