

Discover Kindergarten

Six
Weekly Sessions

Your choice of 6 one-week sessions of summer fun & enrichment for students entering kindergarten in September 2017. (Choose just one week or participate in all six! Each week has a different curriculum theme..)

Robert Fulghum said, "All I ever needed to know I learned in kindergarten." Because kindergarten marks the official beginning of a child's school career, R.E.D. is committed to providing an opportunity for incoming kindergarten students to experience some of the challenges of a Robbinsville school day during a fun and inviting summer camp experience. Our Discover Kindergarten program will offer students a chance to meet new friends, learn through reading, drama, and games, and have fun with crafts and outdoor games. Both the half-day and full-day programs are taught by district faculty and will provide a carefree way to become accustomed to the routine of kindergarten while enjoying a fun filled summer.
