In addition to a 10 hour day of planned activities, **(please pack a lunch) KONA ICE TREAT!!** students will have the chance to create their own sno-cone while enjoying relaxing tropical music with the sounds of steel drums!

\$7.00 per child for DAY – SEPT. 21st 1:00 pm truck will be here

GAME DESIGN & CODING USING SCRATCH

This multimedia adventure is the perfect activity for aspiring young coders. Introduction to the essential building blocks behind object-oriented programming, through creating a fun & interactive game. With this drag-and-drop platform developed by MIT, students will play with Sprites and Blocks to set a foundation of computational thinking. No prior Scratch experience needed. Each student will leave class with game they programmed & created, Scratch username & PW, plus the desire to further explore Scratch and create projects!

INSTRUCTOR: Kristin Aquilino, Sharon School Computer Teacher
