C. Finance, Facilities, & Transportation – Mr. Tom Halm

- **Draft Report Issued:** Spiezle provided the district with a draft of Building Space Utilization Assessment. It is currently under administrative review.
- **Solar Update:** The board attorney provided administration with four RFP templates successfully used by other districts. Administration will also reach out to Onyx Renewable Partners and the NJ school districts they worked with to ascertain processes used.
- **Billboard Update:** At a prior meeting, FFT requested that the attorney prepare a demand letter to the County as a written easement document cannot be located and has not been recorded. The County responded on March 2nd and requested more time to look through 45+ years of files. Administration will work with the attorney to provide a final deadline for submission.
- **Facility Use Fees Schedule Update:** The current facility use policy states that the track and tennis courts will be available for public use outside of school use. There has been interest from outside organizations to rent these spaces. TCNJ is interested in the cross country trail for college meets at potentially \$500/meet. Another organization is interested in renting the tennis courts for competitions. Tennis courts are original and will need resurfacing. In addition, RHS purchased 9 golf holes and constructed a Frisbee golf course. This may be another opportunity for rental of our facilities. FFT agreed to move forward with updating the facility use policy and fee schedule for board approval and to obtain quotes for resurfacing the tennis courts.
- **Transportation**
- **Food Service Update**
- **Budget Update:** Ms. Brooks submitted the proposed budget to the County office for approval on March 20, 2017. There was one required change from the March 14, 2017 preliminary budget hearing. The DOE software calculation of excess surplus required an additional \$59,655 of surplus to be budgeted in addition to the 6-30-16 audited excess surplus. This amount was deposited in capital reserve. There will be a revised action item to increase the total revenues and expenditures by \$59,655, with no impact on tax levy. The township also provided the final assessed valuation amount. There was an increase in the assessed valuation above what had been presented. The impact is approx. \$13 less per year for the average assessed home.
- **Safety Grant:** The district received a safety grant from the insurance company for \$3,006.08. The district proposed several projects and FFT agreed to use the funds for an additional swipe entrance at Sharon school. The cost of the project will be partially funded with the grant and partially funded by RED.

XVII. APPEAL TO THE COMMISSIONER OF EDUCATION AND THE GOVERNOR TO FULLY FUND THE SFRA FORMULA

WHEREAS, the Robbinsville Board of Education has set as one of its goals the need to resolve the severe underfunding in state aid to the school district; and

WHEREAS, State leaders are currently preparing the fiscal year spending plan for 2017-2018 in the form of State budget proposals in which the FY-18 school aid amounts will be announced; and

WHEREAS, the School Funding Reform Act of 2008 (SFRA) remains the current State law on how to fund public school districts; and

WHEREAS, pursuant to the SFRA Robbinsville Schools remains the twelfth most underfunded public school district in New Jersey with a deficit in State Aid of \$7,431,660 for the 2016-2017 schoolyear; and

WHEREAS, this unfair distribution of state aid has caused the taxpayers of Robbinsville Township to pay \$1,100,543 more than their fair share of property taxes in the 2016-2017 school year; and

WHEREAS, despite exhausting all allowable means to raise local taxes the funding of Robbinsville Schools remains under adequacy by \$6,241,117 and therefore impinges upon the NJ Constitution Article VIII(IV)(1) right of students of Robbinsville Schools to the maintenance and support of a thorough and efficient system of free public schools; and

WHEREAS, the SFRA of 2008 contains a provision to proportionally divide available funds between districts if full SFRA funding is not possible (NJSA 18A:7F-52); and

WHEREAS, the recent apportionment of State Aid Statewide since 2010 has been asymmetrical and not taking into account student population growth; and

WHEREAS, some districts are overfunded in State Aid or being provided hold harmless funding that was to have been phased out years ago thus providing an excess in State Aid; and

WHEREAS, this failure to fully fund the SFRA formula, or to fairly divide available State Aid, or increase the amount of under adequacy aid has denied the students of Robbinsville Schools the resources needed for their educational success;

NOW THEREFORE BE IT RESOLVED, that the Robbinsville Board of Education does appeal to the New Jersey Commissioner of Education and the New Jersey Governor to put forth a spending plan that fully funds the SFRA school funding formula; and

BE IT FURTHER RESOLVED, that if the SFRA cannot be fully funded due to fiscal conditions that the funds available for public education be fairly and proportionally divided per the SFRA formula, and if full redistribution is not possible that additional monies be allocated to under adequacy aid; and

BE IT FURTHER RESOLVED, that a copy of this resolution be presented to the New Jersey Commissioner of Education, the Governor of the State of New Jersey, and the State Senator and State Assemblypersons from Legislative District 14.
